

The screenshot shows a browser window with two tabs: "Swagger UI" and "Online Examination Portal". The "Online Examination Portal" tab is active, displaying the URL "localhost:5173/admin/logs". The page content is titled "Admin Panel" and shows a sidebar with links like "Overview", "Announcements", "Batch Management", "Users", "Activity Logs" (which is highlighted in blue), "Exams", and "Courses". The main area displays a table with columns "Role", "Action", "Service Name", and "Status". Two rows are visible: one for "ROLE\_ADMIN" performing a "LOGIN" action via "USER SERVICE", and another for "ROLE\_ADMIN" performing a "CREATE USER" action via "USER SERVICE". The status for both rows is "Success". On the right side of the browser, the developer tools' "Console" tab is open, showing several error messages related to PDF generation:

- [Intervention] Images loaded lazily and replaced with placeholders. See https://go.microsoft.com/fwlink/?LinkId=2048111
- Failed to load resource: the server responded with a status of 400 ()
- LogIn fail: Error: Blank or invalid password
- at asyncClient.js:23:27
- at async loginWithMailPassword (authService.js:20:28)
- at async handleLogin (login.jsx:50:38)
- Show ignore-listed frames
- Uncaught TypeError: doc.autoTable is not a function
- at exportToPDF (exportUtils.js:56:9)
- at handleExportPDF (ActivityLogs.jsx:89:5)
- Show ignore-listed frames
- Uncaught TypeError: doc.autoTable is not a function
- at exportToPDF (exportUtils.js:56:9)
- at handleExportPDF (ActivityLogs.jsx:89:5)
- Show ignore-listed frames

When I am trying to download the pdf, it is giving me this error.

When I clicked on the create batch it is not doing anything and rendering the changes.

The screenshot shows an Admin Panel interface with a sidebar and a main content area. The sidebar has a 'Users' button highlighted in blue. The main area has fields for Email and Status, and a dropdown for Batch. The developer tools Console tab is open, showing multiple errors related to chart components.

I am not able to create any user, and in the dropdown of selecting batch, there is no batches list coming.

Name	Role	Batch	Status	Last Login	Actions
Admin User admin@oep.com	ROLE_ADMIN	-	ACTIVE	2026-01-27T14:50:38.043139	<a href="#">View</a> <a href="#">Edit</a> <span style="background-color: #e0e0e0;">Disable</span>

Status: Active

Console

Failed to load resource: the server responded with a status of 400 (Bad Request)

When clicking on save changes in the user edit page in the admin dashboard, it is not saving the data.

Welcome, Admin

## Exam Governance

Monitor ongoing exams and enforce policies.

Export CSV Export PDF

Exam Title	Instructor	Status	Time	Active Students	Reports	Actions
No exams found.						

There is no data on the exams page in the admin.

The screenshot shows a web application interface for 'Course Governance'. The main area displays a table of courses with columns: Code, Title, Instructor, Modules, Status, and Actions. One row is visible for 'CS101 Introduction to Programming'. The 'Actions' column contains a green checkmark icon. Below the table are search and filter controls: 'Search by Title or Code...', 'All Instructors', and 'All Status'. At the top right are three buttons: 'Export CSV' (green), 'Export PDF' (red), and '+ Create New Course' (purple). To the right of the main content is a developer tools panel titled 'Console'. It shows two error messages: 'Failed to load resource: the server responded with a status of 400 (Bad Request)' for both 'localhost:5173/admin/users/1:1' and 'localhost:5173/admin/courses/1/status/1'. The bottom of the developer tools panel has tabs for 'Console', 'Rendering', 'Issues', 'Network conditions', 'Search', and a '+' button.

When clicking the tick mark icon the actions are not rendering the changes nor it is updating in the database.

Welcome, Admin

## System Analytics

All Students: 0

All Instructors: 0

### Batch Distribution (Students)

The chart displays student distribution across three batches: PG-DAC March 2024, PG-DAC September 2024, and PG-DBDA March 2024. The y-axis ranges from 0 to 4. The legend indicates 'Students'.

Batch	Students
PG-DAC March 2024	0
PG-DAC September 2024	0
PG-DBDA March 2024	0

### Exams Conducted (Monthly Trend)

The chart shows the monthly trend of exams conducted from January to June. The y-axis ranges from 0 to 4. The legend indicates 'exams'.

Month	Exams Conducted
Jan	0
Feb	0
Mar	0
Apr	0
May	0
Jun	0

### Results Distribution

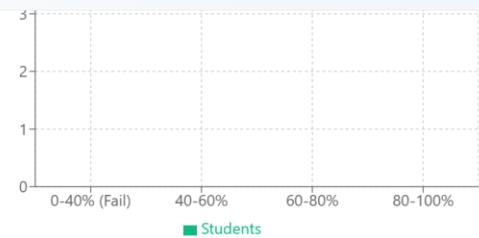

The chart shows student results distribution across four categories: 0-40% (Fail), 40-60%, 60-80%, and 80-100%. The y-axis ranges from 0 to 4. The legend indicates 'Students'.

Result Category	Students
0-40% (Fail)	0
40-60%	0
60-80%	0
80-100%	0

☰ Welcome, Admin

#### Batch-wise Detailed Analytics

Batch Name	Total Students	Total Instructors	Exams Conducted	Avg. Score	Pass Rate
PG-DAC March 2024	0	0	0	0	0%
PG-DAC September 2024	0	0	0	0	0%
PG-DBDA March 2024	0	0	0	0	0%

The system analytics is not rendering any data and charts, nor the batch-wise detailed analysis table is rendering any data.

The image shows two side-by-side screenshots of an admin interface, likely from a Spring Boot application using Thymeleaf.

**Left Panel (System Settings):**

- Header:** Welcome, Admin
- Section:** System Settings
- Description:** Configure global security and system parameters.
- Security Policies:**
  - Enable Tab Switch Detection
  - Enable Fullscreen Enforcement
- System Maintenance:**
  - Maintenance Mode (Locks all user access)

**Right Panel (Activity Logs):**

- Header:** Welcome, Admin
- Section:** Admin Panel
- Table:** A log table showing activity logs. The columns are Time, User, Role, Action, Service Name, and Status.
- Data:** The table lists seven log entries:

Time	User	Role	Action	Service Name	Status
27/1/2026, 12:35:15 pm	admin@oep.com	ROLE_ADMIN	LOGIN	USER SERVICE	Success
27/1/2026, 12:35:15 pm	admin@oep.com	ROLE_ADMIN	CREATE USER	USER SERVICE	Success
27/1/2026, 12:35:15 pm	admin@oep.com	ROLE_ADMIN	CREATE COURSE	COURSE SERVICE	Success
27/1/2026, 12:35:15 pm	john.instructor@oep.com	ROLE_INSTRUCTOR	LOGIN	USER SERVICE	Success
27/1/2026, 12:35:15 pm	admin@oep.com	ROLE_ADMIN	UPDATE USER	USER SERVICE	Success
27/1/2026, 9:50:15 am	Admin	ROLE_ADMIN	LOGIN	SYSTEM SERVICE	Success
27/1/2026, 9:27:17 am	Admin	ROLE_ADMIN	DELETE USER	ANNOUNCEMENT SERVICE	Success

When I clicked on the maintenance mode, the logs is not generated for that.
